

# CALL FOR PAPERS

**ICNNR 2020**  
**Feb 06-07, 2020**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNNR 2020 : International Conference on Neuroimaging and Neuro Radiology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Neuroimaging and Neuro Radiology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Pediatric imaging	Acquisition of skeletal radiology
Thoracic imaging	Radio analytical and nuclear chemistry
Molecular imaging	Pediatric interventional radiology
Musculoskeletal imaging	Radiation oncology
Computerized medical imaging and graphics	Foreign body detection
Medical imaging	Radiosurgery vs radiology nursing
Imaging techniques in ophthalmology	Academic radiology
Image guided radiation therapy	Radiopharmaceuticals
Medical terminology for urologic imaging	Neuro Radiology
Cardiovascular imaging	Clinical neuroradiology
2d/3d/4d images trends and techniques	Veterinary radiology
Neuroimaging	Radiation to the cancer
Interventional radiology	Radiology colon cancer
