

# CALL FOR PAPERS

**ICESMC 2020**  
**Feb 03-04, 2020**  
**Bangkok, Thailand**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESMC 2020 : International Conference on Energy Systems and Model Coupling is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Energy Systems and Model Coupling. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Model coupling and energy systems  
Coupled energy system  
Economic models and strategic  
planning  
Modeling of energy systems or  
energy markets  
Energy supply

Greenhouse gas reduction strategies  
Energy infrastructures  
Energy sector  
End use sectors
