

CALL FOR PAPERS

ICCATP 2020
Feb 06-07, 2020
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCATP 2020 : International Conference on Computer-Aided Technologies and Processes is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer-Aided Technologies and Processes. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer-aided technologies
Product lifecycle management
Product data management
Finite element analysis
CAx software tools
(CAD/CAM/CAE/CAID/CARD/CARE/CASE/
PLM/ERP/DNC/CAQ)
Data mining
Digital/virtual prototyping, object
archival and retrieval

Enterprise resource planning
Knowledge based engineering
Computer aided manufacturing
technologies
Computation geometry
Computer graphics
Human machine and human computer
interaction
Optimization
