

# CALL FOR PAPERS

**ICCES 2020**  
**Feb 03-04, 2020**  
**Melbourne, Australia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCES 2020 : International Conference on Comparative Economic Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Comparative Economic Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Economic systems  
Different economic systems  
The political economy of capitalism  
Comparative economic systems and the new comparative economics  
Economic system in contemporary Islamic thought  
The studies of economic systems and institutions

Linear and non-linear multisectoral models of structure and structural change and development  
Ecosystems and the treatment of depletable resources  
Environmental and strategic questions  
Life-cycle assessment, databases and databanks  
Large-scale computational methods and languages
