

CALL FOR PAPERS

ICCGE 2020
Mar 26-27, 2020
Madrid, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCGE 2020 : International Conference on Corporate Governance and Entrepreneurship is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Corporate Governance and Entrepreneurship. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Corporate governance
Sustainability in corporate governance
Corporate governance in emerging markets
Corporate governance in emerging economies versus developed economies
The role of institutions and national business systems in corporate governance
Convergence towards best practices versus path-dependence
Complementarities and substitution among governance mechanisms at different levels
Regulatory framework, market development and investor protection
Ownership and control structures and their dynamic evolution

Institutional voids and governance in business groups
The family-centric governance model and its organizational effects
The governance of financial institutions and institutional investors
The governance implications of corruption and bribery
The role of political connections and relational contracting in governance
The governance roles of reputation and culture
The integrity of executives, responsible leadership and business ethics
State corporatism and the role of the state as a shareholder in emerging economies
Law, regulation and enforcement
