

# CALL FOR PAPERS

**ICNPPWST 2020**  
**Mar 26-27, 2020**  
**Madrid, Spain**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNPPWST 2020 : International Conference on New Physical Principles Weapon Systems and Technologies is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of New Physical Principles Weapon Systems and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

New physical principles weapons  
New types of weapons of mass  
destruction and new systems of such  
weapons  
The impact of new physical  
principles weapons on warfare and  
battlespace  
Non-lethal weapons  
Wave weapons  
Psychophysical weapons  
Genetic weapons

Directed energy weapons:  
infrasound, laser, and super-high  
frequency weapons  
Electromagnetic weapons: lasers and  
super-high frequency weapons  
Geophysical weapons: climate,  
ozone, environmental, and seismic  
weapons  
Genetic weapons  
Non-lethal arms  
Radiological weapons  
Ethical challenges in use of new  
physical principles weapons
