

CALL FOR PAPERS

ICCEE 2020
Mar 05-06, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEE 2020 : International Conference on Cognitive and Experimental Economics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cognitive and Experimental Economics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cognitive economics
Cognitive and behavioral economics
Experimental economics
Laboratory methods
Biases in judgment
