

CALL FOR PAPERS

ICCEPE 2020
Apr 16-17, 2020
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEPE 2020 : International Conference on Civil Engineering Profession and Education is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Civil Engineering Profession and Education. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Civil Engineering Profession ,
Education
Construction Safety and Fire
Engineering
Disaster Mitigation and Management
Earthquake Resistant Design
Practices
Environmental Engineering and
Management
Foundations In Problematic Soils
Geo-environmental Engineering
GIS and Remote Sensing
Ground Improvement Techniques

Health, Safety and Environment
Infrastructure Engineering
Irrigation, Water Resources and
Management
Modern Construction Materials
Retrofitting / Rehabilitation Of
Structures
Sustainable Development and
Construction
Transportation Engineering and
Traffic Planning
Urban planning
