

CALL FOR PAPERS

ICDSBE 2020
Jun 11-12, 2020
Copenhagen, Denmark

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDSBE 2020 : International Conference on Down Syndrome and Biomedical Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Down Syndrome and Biomedical Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Down Syndrome at the Cellular
Level
Gene Regulation in Down Syndrome
Genetics and Epidemiology of Down
Syndrome

Dysregulation of Cellular Pathways
in Down Syndrome
Cognition and Alzheimer's Disease
in Down Syndrome
Therapy - Present and Future
