

CALL FOR PAPERS

ICHWCI 2020
Jun 11-12, 2020
Copenhagen, Denmark

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHWCI 2020 : International Conference on Human-Wildlife Conflicts and Interactions is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Human-Wildlife Conflicts and Interactions. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Human and wildlife interactions	Effects on wildlife harassment
Natural and human impacts on wildlife	Current issues in wildlife management and conservation
Animals, habitats, and human interactions	Natural extinction
Wildlife conservation	Multiple factors
Wildlife populations and habitats	Unfair competition
Human perceptions	Wildlife-rich areas
Management approaches to human and wildlife interactions	Creative solutions to wildlife/people conflicts
Harassment of wildlife	Pollution and habitat destruction
Risk perception and public involvement	Public education and conservation
Risk management
