

CALL FOR PAPERS

ICESB 2020
Jun 05-06, 2020
San Francisco, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESB 2020 : International Conference on Environmental Science and Biotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental Science and Biotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biochemical Engineering
Biotechnology
Product Engineering in the Bio
Industries
Self-organisation in the
Bio-sciences and elsewhere
Delivery of the final product
Biotechnology applied to production
of new and better quality food
Biological natural resource
engineering

Bio-machine systems
Bioprocess and Biosystems
Energy in agriculture
Environmental constraints to animal
agriculture
Food Engineering and biotechnology
Food safety and Bio-process
engineering
