

# CALL FOR PAPERS

**ICDFDMS 2020**  
**Jun 18-19, 2020**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDFDMS 2020 : International Conference on Digital Fabrication and Digital Modeling Software is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Digital Fabrication and Digital Modeling Software. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Digital fabrication  
Digital modeling and fabrication  
Digital design fabrication  
Digital fabrication techniques  
Component complexity  
Theory in design methodology  
Applications of digital fabrication  
Interactive fabrication

3D modeling software or  
computer-aided design  
2D digital fabrication  
Additive manufacturing process and  
subtractive manufacturing  
processes  
Machines for fabrication  
CNC router, laser cutter and 3D  
printer  
Digital fabrication in  
architecture, engineering and  
construction  
Advantages of digital fabrication
