

CALL FOR PAPERS

ICGSB 2020
Jul 15-16, 2020
Copenhagen, Denmark

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGSB 2020 : International Conference on Golf Science and Biomechanics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Golf Science and Biomechanics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Golf Science

The Golf Coaching-Biomechanics Interface

Ground Reaction Forces and Pressures During the Golf Swing
The Sequence of Body Segment Interactions in the Golf Swing

The Kinematic Sequence
Inter- and Intra-Individual Movement Variability in the Golf Swing

Skill Learning and Technology in Golf Science

Optimizing Golf Skill Learning
Factors Influencing the Effectiveness of Modelling Golf Technique

Skill Testing in Golf
Optimal Golf Practice Environments
Performance Development in Golf Science

Perceptual-Cognitive Expertise in Golf Putting

Positive Psychology and Golf
Refining Motor Skills in Golf
Golf Analytics

Psychological Techniques for Success in Golf Science
Developing and Maintaining Motivation in Golf

Individual Differences in Cognitive Processes and Golf Performance
The Psychophysiology of Golf Performance

Physiological and Musculoskeletal Characteristics of the Modern Golfer

Strength and Conditioning for Golf
Golf Injuries and Injury Management in Golf Science

Nutrition for Golf
Young People and Golf
Women in Golf
