

CALL FOR PAPERS

ICUISMPM 2020
Jul 16-17, 2020
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUISMPM 2020 : International Conference on Urban Infrastructure Systems Management, Planning and Modeling is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Infrastructure Systems Management, Planning and Modeling. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Urban infrastructure systems
Sustainability of urban
infrastructures
Urban infrastructure and
metropolitan planning
Infrastructure systems planning and
management
Sustainable urban infrastructure
Sustainable municipal
infrastructure
Urban planning for sustainable
architecture
Site and infrastructure systems
planning
Urban infrastructure systems
management
Managing change in urban
infrastructure systems

Planning, management, operations
and maintenance of urban
infrastructure systems
Spatial data in urban
infrastructure management
Infrastructure systems in urban
water management
Alternative scenarios of urban
water infrastructure systems
Modeling of complex urban
infrastructure systems
New paradigms and perspectives
Engineering applications
Future directions
Technological perspectives
Future prospects and trends
