

CALL FOR PAPERS

ICFSAD 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFSAD 2021 : International Conference on Fire Safety and Architectural Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fire Safety and Architectural Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fire safety design

Fire safety and architecture

Fire protection and safety
engineering for buildings

Fire dynamics and modeling

Fire protection measures in
buildings

Fire safety and disaster
management

Fire safety equipment and
materials

Fire safety in stadiums

Fire dynamics and human behavior

High rise building fire risk

Architectural growth and
sustainable architecture
