

CALL FOR PAPERS

ICEDI 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEDI 2021 : International Conference on Engineering Design and Innovation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Engineering Design and Innovation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Design Processes
Engineering Design Process
Innovation and Creative
Engineering
Product development models and
strategies
Design process modeling and
management
Product innovation engineering
Industrial design
Design Theory and Research
Methodology
Design theories and approaches
Researching of designs and design
methods

Theory driven design
Experiments in design
Design science
Design Organisation and Management
Organisational understanding of
product development
Design of organisational processes
Design of workspaces to manage
product development
Market and business implications
Management of innovation and
complexity
Design practice: Best practice,
industry practice (cases)
