

CALL FOR PAPERS

ICTIHD 2021
Feb 08-09, 2021
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTIHD 2021 : International Conference on Trickle Irrigation and Hydraulic Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Trickle Irrigation and Hydraulic Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Trickle irrigation
Micro irrigation systems
System components
Hydraulic design of trickle irrigation systems
Trickle irrigation technology
Emission devices
Microtubing
Fixed flow drip emitters

Adjustable drip emitters
Micro-sprinklers
Ecological restoration and phytoremediation projects
Water conservation and regulations
Monitoring soil water
Trickle irrigation management
Sustainable micro irrigation management
Drip irrigation for agriculture
