

# CALL FOR PAPERS

**ICEPMMCE 2021**  
**Mar 22-23, 2021**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEPMMCE 2021 : International Conference on Experimental Physics, Modern Methods and Current Experiments is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Experimental Physics, Modern Methods and Current Experiments. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Experimental physics	Control Theory and Statistical
Current experiments	Physics
Famous experiments	Controlled Systems in Physics
Experimental techniques	Electronic Circuits and Systems
Prominent experimental physicists	Environmental Physics
Aeromechanics, Hydromechanics and	Experimental Physics
Acoustics	Fluid Dynamics
Atmospheric, Oceanic and Planetary	Group Theory in Physics
Physics	Hadron Physics
Atomic and Molecular Physics	Heat Transfer Physics
Biological Physics	High Energy Physics
Computational Mechanics	Interdisciplinary Physics
Computational Physics	Laser Physics
Computer Physics Communications	Materials Science
Condensed Matter and Materials	
Physics
