

CALL FOR PAPERS

ICEECA 2021
Apr 08-09, 2021
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEECA 2021 : International Conference on Electrical Engineering and Control Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electrical Engineering and Control Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Control and systems engineering
Biomedical control systems · Fuzzy systems
Robust, predictive and adaptive control
optimal and stochastic control
Real-time control
Mechatronics and Robotics
Hybrid systems
Modelling and Control systems
Intelligent control systems
Control and Embedded systems
Renewable Energy
Bioenergy and sustainability ·
Wind Energy,

Solar energy,
Thermal Energy,
Hybrid renewable energy,
Fuel cell,
Energy storage and management,
Energy transfer,
Faults Diagnosis-Faults Tolerant Control
Fault accommodation
Fault detection and identification
Fault diagnosis, Fault estimation
Fault tolerant systems
System reconfiguration
