

# CALL FOR PAPERS

**ICAFGE 2021**  
**Sep 20-21, 2021**  
**Toronto, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAFGE 2021 : International Conference on Animal Farming and Genetic Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Animal Farming and Genetic Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Livestock production systems  
Intensive livestock farming  
Sustainable livestock farming  
Genetic engineering in animal farming

Animal science  
Cloning and genetic improvement  
Implications for veterinarians
