

CALL FOR PAPERS

ICCNC 2021
Oct 25-26, 2021
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCNC 2021 : International Conference on Computer Networks and Communications Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Networks and Communications Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer Networks and
Communications Engineering
Adaptive and Non-Adaptive Filtering
and Implementations
Applications
Biomedical Signal and Image
Processing
Cognitive, Cellular, and
Heterogeneous Wireless Networks
Communications Receivers
Computer Networks and Security
Control Applications
Control design methods
Control System Modeling and
Identification
Digital Communications
Discrete and Hybrid systems
DSP For Communications

Electrical Machines and Drives
Grid and Cloud Computing
Image Processing
Mobile and Wireless Communications
Mobile Computing and Communication
Networks
Multimedia, Real-Time Networking,
and Network Modeling
Network Algorithms and Performance
Evaluation
Network Architectures and
Clean-Slate Designs
Networks and QOS
Nonlinear Control and Applications
OFDM and CDMA
Power Systems
Scalable, Reliable, and
Energy-Efficient Networks
