

CALL FOR PAPERS

ICAGN 2021
Nov 18-19, 2021
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAGN 2021 : International Conference on Advanced Gastroenterology and Nutrition is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Gastroenterology and Nutrition. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Digestion and absorption

Maturation of motor function in the preterm infant and gastroesophageal reflux

Development of gastrointestinal motility reflexes

Development of the intestinal mucosal barrier

Intestinal microbiome and its relationship to health and disease

Intestine as an immune organ

Gastrointestinal tract in relation to autoimmune disease, allergy, and atopy

Nutritional requirements and strategies

Nutritional requirements of the very-low-birthweight infant

Controversies in neonatal nutrition

Regulation of protein synthesis and proteolysis in the neonate by feeding

Lipids for neonates

Human milk feeding of the high-risk neonate

Nutritional requirements for the neonate

Clinical conditions

Necrotizing enterocolitis

Special nutrition of the surgical neonate

Controversies in short bowel syndrome

Neonatal cholestasis

Adult consequences of neonatal and fetal nutrition
