

CALL FOR PAPERS

ICEANP 2022
Jul 22-23, 2022
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEANP 2022 : International Conference on Environment, Antibiotics and Natural Products is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environment, Antibiotics and Natural Products. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Discovery of new classes of
antibiotics and natural products
from the environment
Biodiversity of producer
microorganisms
Antibiotic resistance genes in both
pathogenic and non-pathogenic
bacteria and their mechanisms of
dissemination in the environment

Resistome
Environmental DNA
