

CALL FOR PAPERS

ICCEEP 2023
Jan 21-22, 2023
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEEP 2023 : International Conference on Corrective Exercise and Exercise Progression is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Corrective Exercise and Exercise Progression. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Corrective exercise
Postural assessment
Complex movement
Variables of movement
Manual muscle testing
Program design
Phases of exercise progression

Acute exercise variables
Corrective exercise strategies
Improving mobility and stability
Inhibitory techniques
Lengthening techniques
Activation techniques
Integration techniques
